

Edmonds School District STEM Expo 2020

April 27, 2020

6:00-8:00pm

Mountlake Terrace High School

Interactive STEM Stations

- Teachers can register to host an interactive station where students showcase STEM activities, skills, and problem-solving strategies.
- Stations will be staffed by two to four students at a time who will guide visitors through a STEM experience. Student staffing may be shared by rotating groups of students throughout the evening.
- All interactive stations will have 12 feet of table space, include a display board and interactive items, and must follow the Safety and Ethics Regulations.
- Elementary Teachers can register one station per class.
- Secondary Teachers can register one station per course.
- Club Leaders can register one station per club.
- Teachers who are also Club Leaders can register for a separate stations for their class and their club.
- A Teacher, Club Leader, or designated adult will attend the STEM Expo to supervise their station.
