

Participation in School Boards' Association

As required by law, the board members are members of the Washington State School Directors' Association. Membership in National School Boards Association is recommended. Since the Washington State School Directors' Association establishes the rate of membership dues at its annual meeting, provides model policies and other services in response to members' needs and develops and implements a legislative program at the direction of its members, board members are encouraged to participate in the governance of the association, attend the annual meetings of the state association each year and the national association at least once in every four-year term of office.
