

Improvement of School Sites

In order to assure that improvements are constructed in a safe, legal and easily maintained manner, project proponents for any improvements to school sites shall submit a proposal for such improvement to the maintenance department for prior approval.

The maintenance department will work with the project applicant, building staff, building principal, and other departments, as appropriate, to ensure that the improvement is constructed in a safe, legal, and timely manner, and serves the interests of the district.

The superintendent shall develop procedures to implement this policy.
