Presentation Days boost student confidence in language acquisition and public speaking

Why parents and students love fly

We offer a variety of world languages. We teach Spanish, French,

Japanese, German, Arabic and Mandarin.

Immersion learning. Students are immersed in the language using games, songs, actions and drama.

Fun and custom curriculum. Our dialogue based curriculum is

designed and written specifically for our classes with increasing levels and immersion for student advancement.

All our teachers are fluent and love to share their culture.

Students are exposed to over 1,000 words which plug into our short, practical, dialogue segments.

Parents and family involvement. Family and friends are invited to Student Presentation Days held twice throughout the session.

Before and after school classes optimize family scheduling.

Our classes meet at the school, start in October and run until April with two 40 minute classes a week (class times and lengths vary according to school preferences).
