

Sponsored by First Baptist Church of MLT

Our mission is to create a safe environment to explore learning and help each child develop into life-long learners.

We collaborate with Edmonds School District to coordinate literacy goals to better prepare your child for Kindergarten in the public school.

We seek to partner with parents and guardians to build the social, emotional, physical, and cognitive development of each child.

Our program is founded on a literacy-based curriculum within an age appropriate environment that is safe and caring, where children can learn and be nurtured

Our Director has her Washington State Credential with a certificate in English Language Development and over 40 years experience. She has taught in many places around the world and is Director of "Wings To Reading" – A successful reading intervention program in Mountlake Terrace.
