

NW Nationals Premier Soccer Club invites you to the Fall 2012 Player Development Youth Academy

Have Fun & Learn!

The Fall 2012 Northwest Nationals Academy, for all players in the U8-U12 age groups, provides an outstanding opportunity for serious and dedicated young soccer players to challenge themselves and develop the skills necessary for higher level competition. Through games and drills focused on dribbling, ball mastery, passing and receiving, shooting and small sided tactical games, players will develop the fundamental skills & techniques essential to moving their game to the next level. The Academy is open to all players: recreational, select or premier.

The Northwest Nationals curriculum will be delivered by our most technical coaching staff and directed by Technical Director Eugene Poublon. This will ensure that each player will not only learn from the best coaches around, but will also benefit from the passion, care and dedication that only the Northwest Nationals staff can provide.

Come on out and spend some time with us!

How Do I Register?
