Custodial work may look different from employee's current duties. Employees may work at different locations performing alternative duties or at their typically assigned location. Employees are essentially expected to work as directed by their supervisor. **Pay and benefits will continue through the closure period which right now is through the end of the school year.**

- III. Additional paid days - Custodians who have reported to a district worksite for each of their shifts since the initial closure, with the exception of the use of sick or personal leave, will receive an additional two paid days off, to be scheduled by their supervisor between the dates of June 28, 2020 and August 31, 2020.

- IV. During the period of April 27 through August 31, 2020, regularly scheduled employees will be paid their current contracted hours.
 - A. Beginning April 27, 2020, all regularly scheduled employees will be assigned to cover work that allows for completion of district essential tasks, approved by their supervisor, including flexible scheduling, working remotely, and non-traditional business hours or locations as agreed to with their supervisor.
 - B. During the Governor's Stay Home, Stay Healthy order, employees will have designated time periods to work during the week.
 - C. Following the Governor's Stay Home, Stay Healthy order, employees will be expected to report to work for their assigned hours and days as directed by their supervisors. Alternative work assignments, hours, and scheduling could continue during this time as needed and as directed by the supervisor.

- IV. Leaves – All contractual, State, and Federal leaves remain available to all employees. Reporting absences expectations still apply, although substitutes will not be assigned during absences.

- V. Employees who require electronic communication to complete work remotely will be provided the necessary technology to accomplish said work (i.e. Chromebook).

- V. Employees may work an alternate schedule and must be available for contact by their supervisor as long as they are not on an approved leave.

- VI. Employees may be sent to an alternative location other than their regular worksite if there is a gap in coverage at said alternative location. When possible, consideration will be made to send employees to a location closest to their home.

- VII. Hours at buildings where the physical presence of a worker is required may vary from their regular schedule. **Again, all regularly scheduled employees will be compensated for their total regular hours, and receive the associated benefits package.**
- VIII. Nothing in this letter prevents employees (such as those in the high risk category) from reporting to their worksite (if they feel safe to do so) or prevents staff from working remotely, for tasks that cannot be completed during onsite shifts, except for those on an approved leave.
- IX. **While at work, employees are expected to adhere to all physical distancing requirements when possible including maintaining 6 feet of separation and wearing a mask.** Employees are encouraged to remind colleagues, students and families of these requirements when they are not adhering to the expectations. Employees are encouraged to report to their supervisor any other employee who is not adhering to these expectations. Not adhering to these expectations of not maintain 6 feet of separation where possible and/or wearing a mask could be cause for disciplinary action.
