

Designated School Nights

2019-2020

Below is the list of dates that will be designated specifically for elementary nights, middle school nights, and high school nights. These designated nights are to assist you in planning events that require attendance from families that may have children at several levels.

This planning document takes into consideration Thursday night family preferences spread across levels, religious holidays, staff green days and EEA meeting nights.

*Remember and please respect the importance of avoiding school evening activities that fall on days of religious celebration and significance.

September 2019		February 2020
